Initial Enquiry

Initial enquiries are made through a local authority, school and sometimes directly by parents.

Referrals

Referrals are made by a local authority or school. Following the referral, a WSL senior manager will discuss the specific needs of the student with the referring organisation and documentation supporting the referral will be requested. This will include reports by school/provisions and other professionals, the student's educational history and the EHC Plan or Statement of Special Needs, where applicable.

The referrer or previous educational setting will be asked to complete a Student Profile form which will be used by WSL to help make a decision about our ability to meet the student's needs and to inform future planning.

Initial meeting

Once WSL have ascertained that a student's needs can be met, a meeting will be arranged comprising of the young person, the parent/carer and other relevant people for example, social worker, WSL representative, or LA representative with WSL staff. The purpose of this meeting is to gather more information about the young person in order to make appropriate provision from within WSL resources. Where appropriate, WSL will arrange to meet staff from the previous school placement.

Agreement with placing Local Authority or Referring School

WSL will draw up a contract in relation to each student which will be agreed and signed by the referring organisation authorising WSL to provide educational services for individual students.

Student induction

After agreement has been reached at the initial meeting, the Induction will be arranged for the student at WSL.
